

Who we are?

Paradise Motor Homes is currently located on the Gold Coast. We employ over 50 dedicated staff, predominately in manufacturing and servicing of our motorhomes, built proudly in Australia.

We are always striving for excellence and consistently looking to improve in all facets of the business, as we design, manufacture, sell and service our motorhomes.

What we stand for?

At Paradise Motor Homes, we are about quality, comfort, safety and adventure. Our aim is to provide our customers with the means to go out and create their own unforgettable experiences. After all, we are building and selling, not just a motorhome, but a journey.

At Paradise, our relationship does not end when you sign the contract. You can take confidence from the fact that the company selling you your motorhome is the company building you your motorhome. It is also the company that can service and maintain your motorhome throughout its life. We want your journey and our journey to be shared.

Safety has always been the hallmark of a Paradise Motor Home. At all times, we strive to exceed Australian Design Rules and government regulations to ensure the safety of you, your loved ones and all road users.

We believe that a commitment to safety is not just about the product, but also about the employee who is responsible for the creation of this world class product. As such we have embarked on an extensive workplace health and safety campaign, introduced new production systems and methods and sort higher engagement from all our employees in the improvement of our workplace.

We believe that in the longer term this will cement our end to end commitment to safety and improve growth, sustainability and development of our brand, ultimately your journey.

Segment of Schematic illustration of PMH's superior roll-over frame & patented slide-outs.

Safety and Quality Features

Body Strength & Rollover Protection

Combining the advanced composite body panels structural strength, with our unique built-in high tensile alloy rollover frame, we have achieved an unrivalled level of safety that has already proven its value on the road. Features include:

- Durable one-piece fibreglass domed roof.
- One-piece composite floor panel – superior insulation, noise reduction and durability.
- PMH patented slide-out – adding structural strength to frame.

These features are not only fire safe, they also avoid rust and water damage issues that adversely affect the safety and durability of motorhomes with steel frames, plywood floors and walls.

Incredible Slide-out Strength and Durability

Paradise manufactures its slide-outs as an integral part of our motorhome's chassis. As Paradise's slide-outs increase in length, the more supporting members the frame gains, ensuring strength and durability is maintained and not comprised.

Interlocking Cabinetry

Our unique dovetailed interlocking cabinet construction, locks together like a structural 3D jigsaw puzzles. We have achieved remarkable strength and durability with this process and you will not find anything safer or stronger. Our cabinets and drawers are fitted with an electro-magnetic locking system which has been pulled tested to prevent cooking equipment and utensils and other personal belongings flying through the cabin, increasing your personal safety if a road accident were to occur.

Peace of Mind

There are a number of features included in our motorhomes that provide the owner and passengers piece of mind, like when the handbrake is released and our patented auto-locking cabinetry is activated, the electric entry step retracts and options like the levelling jacks and satellite dish pack away just in case you missed them on your departure list.

Balanced Weight Distribution

Optimising our motorhomes weight distribution and transverse axle loads while lowering the centre of gravity by maximising the under-floor storage capacity delivers a high level of vehicle dynamics and safety.

Exterior Colours

Paradise Motor Homes use and recommend Cromax (2K) two-pack paints. The Cromax Coating System is designed especially for high quality, professional and accurate auto paint finishes, offering longevity and protection against Australia's harsh conditions.

INDEPENDENCE series

The living space available in the Independence Ultra, Deluxe and Platinum is simply decadent.

The entertaining area in the Deluxe and Ultra floor plans has three luxury leather swivel chairs, two and three seater leather lounge (futon optional) and a full leather club lounge which converts to a double bed in the Platinum floor plan all with a well-equipped kitchen and comfortable dining.

The massive bedroom features a 1.1m wide walkway between the huge 1.3m wide full-sized mirrored wardrobe and the foot of the island queen bed. The huge ensuite has a large shower, separate toilet and internal laundry with combined washer dryer which is standard in all Independence models.

LIBERATION series

This exceptional motorhome is driven on a light rigid licence and is a true pleasure to drive with car-like performance, excellent economy and super driveability.

Individually handcrafted using Paradise's high strength, lightweight construction and patented slide-out technology, we have created two strikingly spacious floorplans with incredible strength, insulation and safety.

The 27ft Liberation series features an enormous 5.1m slide-out. The luxurious living area has the option of either club or cafe leather lounge which can be converted quickly into an additional double bed for the unexpected visitor.

All accompanied by an impressive 32" Full HD LED flat screen TV in the bedroom and a 19" TV in the living area, entertainment system with surround sound, island bed, generous wardrobe and drawer space, large well-appointed ensuite, gourmet kitchen and comfortable dining.

LIBERATION SERIES STAND OUT FEATURES

A full list of the Liberation Series specifications can be found nearing the end of this brochure at pages 14 and 15.	

INSPIRATION series

The ultimate car licence motorhome with a massive 4.2m slide-out and still only 26ft long.

The space created by the slide-out gives the Inspiration series the largest living space of any motorhome in its class. Its combination of superior quality and living space, large ensuite, island bed and 1.3m wide full-length wardrobe ensures all season comfort living.

Paradise's superior craftsmanship, quality cabinet work, high gloss timber edges, and incredibly open floorplan provide unrivaled levels of refinement and livability.

INTEGRITY series

The Integrity series is surprisingly nimble on the road with car-like manners and performance. In living mode the internal space becomes truly mind-boggling with over 80% of the motorhome body opening by means of Paradise Motorhomes patented slide-outs, all at the push of a button.

This compact 25ft car licence motorhome features a surprisingly large 3.8m slide-out, with four open plan layouts all with island beds & bedside tables, the 3m wide living space combined with large rear ensuite, separate toilet and shower and ample wardrobe space results in an amazingly functional motorhome.

From its custom three tone (2K) two-pack external paint, 216L 12-240V compressor fridge and impressive power supply you can enjoy all these features by complementing your new motorhome with personal touches such as choosing your own personal colour scheme.

• Integrity Deluxe with optional Luton Peak double bed option

SL series

The SL 26ft Range has the added enhancement of the space creating bed slide-out. The open plan living space combined with large rear ensuite with separate toilet and shower making it a highly desirable design for weekender's or extended travels.

Offering outstanding value for money, SL's three floorplans offer an island bed, two bedside tables and a huge 1.3m wardrobe, the relaxed living area has an optional choice of either the dinette, leather club lounge or cafe dinette with the option of two forward facing seatbelts (cafe and club deluxe only). The gourmet kitchen includes a stainless steel sink, 4-burner cooktop, grill and convection microwave oven, and a massive 216 litre 12v-240v compressor fridge.

While the large overhead cupboards, huge drawers and pantry provide excellent storage. Outdoor entertaining is a pleasure with the optional slide-out BBQ and optional external TV and standard full length 12v electric awning. These floorplans tick every box on the discerning traveller's wish list.

OASIS series

The 22ft Oasis Series is driven on a car license. This highly desirable motorhome provides outstanding comfort and practicality that you will love to travel in. Space utilised by the layout and inclusion of the bed slide-out in the Platinum and Deluxe models appear at the push of a button.

The Oasis series comes in 2wd and 4wd (optional) setting a revolutionary benchmark for spaciousness and practicality, with its central and forward mounted motorhome entry door complete with security screen, double-glazed tinted windows and striking two-tone paint with themed graphics. The Oasis makes it a pleasure to retire for the night with the luxury of a permanent island double bed or single beds and ideally positioned TV.

The rear ensuite on the Oasis Series cannot be compared to any other van conversion. It is no longer 'simply a campervan', it's an ultra mobile motorhome.
